And he lived happily ever after

Once upon a time

There was a boy name Donald. Donald was having a rough time. He had some good qualities like having charisma, power and a good sense of humor. However, his philosophies and values were no longer serving him in his current situation. God sent an angel from heaven to help him out.

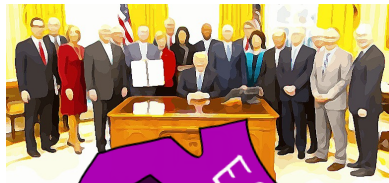

L is for Lying

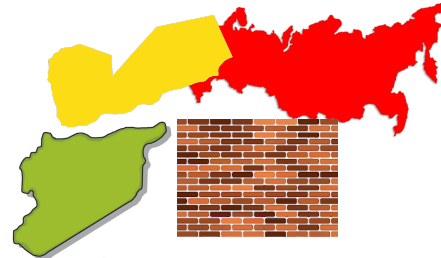

Per FactCheck.org for 2017 - 69% of your statements were rated "mostly false," "false" or "pants on fire". In addition, your campaign and presidency has been littered with "alternative facts", misleading statements, deceptions and broken promises. Below are some of your biggest ones. **This is shameful!**

Liar Liar Pants on Fire !!

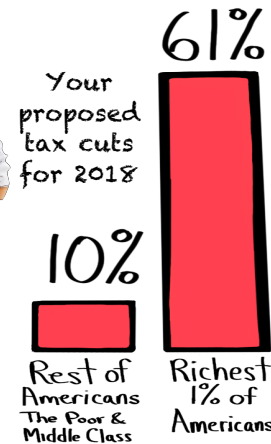

Clean up the swamp. Hire the best and brightest. Reduce corruption. Run government like a business.

Did any of this happen? Uh, no!

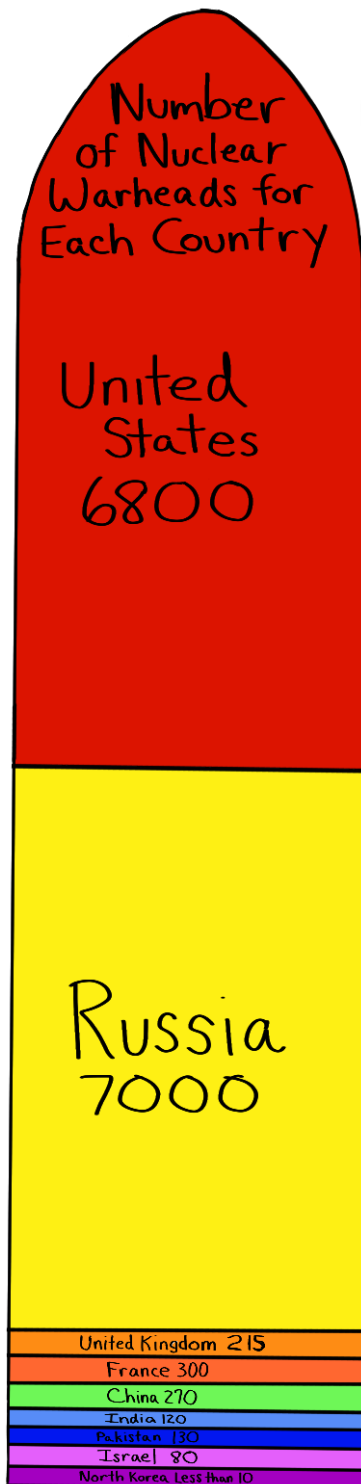

Damaged foreign relationships with Syria, Yemen, Russia, Mexico, Africa, Canada, Korea, Germany, Sweden, Britain, Middle East, France and more.

- Did not increase coal jobs.
- Did not increase wages for poor people.
- Did not replacing ObamaCare with "something wonderful" described as insurance for everybody, no cuts to Medicaid or Medicare, nobody will lose coverage, nobody will be worse off financially, everybody's going taken care of.
- Tax reform being considered is not good.

- Vacation frequency and cost to taxpayers.
- Releasing your tax returns.
- Extracting yourself from your businesses to avoid conflicts of interests.
- Potential collusion with Russia and obstruction of justice.
- Using office for personal gain - tax cuts, favorable business terms in China, making money from vacations & business trips to Trump properties

N is for Nuclear Weapons

Donald, you need to be **TOUGH** in this area, but not in the direction you are currently going. You need to pull out your **NEGOTIATOR SKILLS** to **GET RID** of nuclear weapons worldwide.

How many nuclear warheads are in the world today? **About 15,000**

Many of these warheads are 3,000 times as powerful as those dropped on Hiroshima and Nagasaki where, respectively, about 160,000 and 80,000 people were killed.

How many nuclear warheads would it take to render the world uninhabitable? **Less than 100**

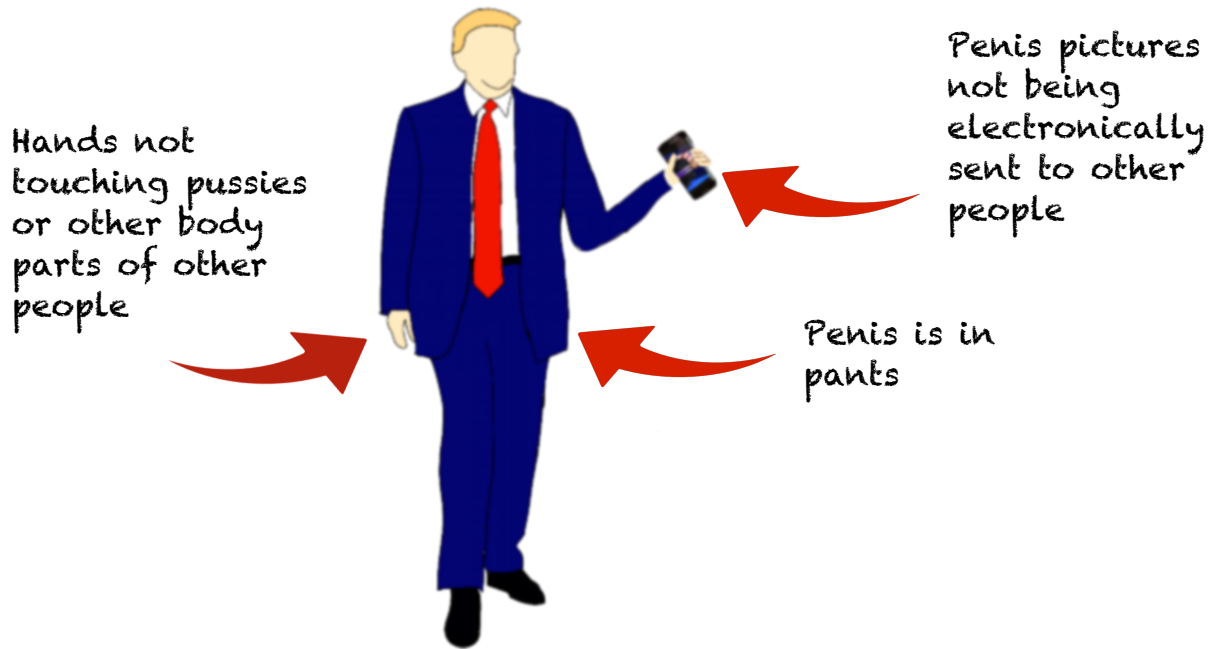

There is no reason for the world to have nuclear weapons at all. God has given humanity more than enough resources to live well. The cost of the current violence in the world today is about \$13.6 trillion a year.

If you would stop fighting each other and work together, everyone would have food, clothing, shelter, healthcare and more. Then if people want "fancier" stuff they can work for that.

Donald, work with the other countries to get rid of nuclear weapons. Do not have parades with them. I realize that a missile looks like a penis, but that doesn't make it a good thing.

P is for Penis, Pussies and Permission

Donald, this should be your "Good Morning" checklist. You can go over it while you have your cup of coffee and watch Fox News at whatever time of day that occurs for you. It should be at the beginning of your day before you go out of your bedroom.

Donald, you should stay in this state unless you have been given clear permission to change your state. Permission cannot be given by someone who is under age 18, mentally challenged, passed-out or comatose.

If you are married, then it is advisable to check with your wife before changing your state.

When in doubt:

JUST DON'T DO IT!

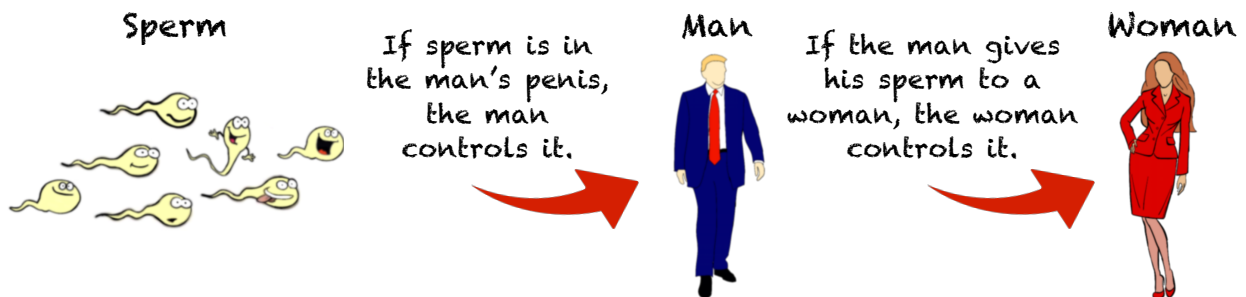

W is for Women

Donald, if a man respects women, he does not:

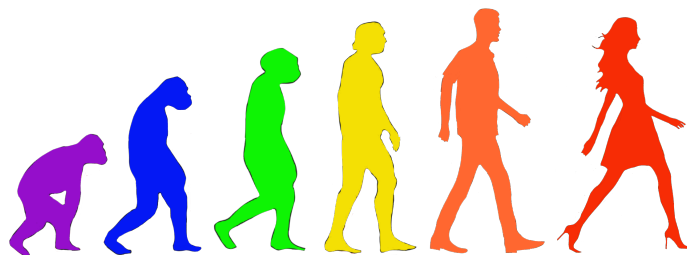

- Molest, rape or hurt them.
- Say creepy things about his daughter's body or having sex with her.
- Leer at and say creepy things about having sex with a girl.
- Insult them.
- Refer to a woman's appearance constantly instead of her other qualities.
- Use the following words or phrases toward women - nasty, sweetie, beautiful piece of ass, tits, bimbo, fat, dog, ugly, Miss Piggy or pig.
- Make women parade in front of him while giving them an attractiveness rating.
- Expect a woman to have dinner on the table for him.
- Expect to determine whether a woman has a career or not.
- Infer that a woman may be menstruating if she has an issue with him.
- Minimize a man's responsibility in cases of sexual harassment, molestation or rape.
- Assume that all women are attracted to him.
- Pay them less than men.
- Believe that men should have control over a woman's body or what is in her body.
- Encourage other men to behave as outlined above.

I have great respect for women!

Donald, you may need to get help on this one.

X is for Xenophobia

Xenophobia is an intense or irrational dislike or fear of people from other countries. You need some therapy related to this. (see the "T" page in this big-league book).

Donald, you have insulted almost every group on the planet.

Kids do not start out hating or fearing other people. They are taught to feel that by an adult or they experience something negative from someone who is different than they are. This has happened to you. There are enlightened and unenlightened people in every race, ethnicity and country. The differences in us are known as diversity and diversity is a powerful and beautiful thing.

Your job is to bring us all together to (1) live peacefully together, (2) ensure that no one hurts another person; and (3) as the leader of the US, a world leader and the astute businessman that you are, to "optimize" how we live, work, play and experience each other.

Y is for You

You can be a better president than this!
You don't want to be a loser do you?

And he lived happily ever after It was fantastic!

Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us. We ask ourselves, Who am I to be brilliant, gorgeous, talented, and fabulous? Actually, who are you not to be? You are a child of God. Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people will not feel insecure around you. We are all meant to shine, as children do. We were born to make manifest the glory of God that is within us. It is not just in some of us; it is in everyone and as we let our own light shine, we unconsciously give others permission to do the same. As we are liberated from our own fear, our presence automatically liberates others. Marianne Williamson

Donald in order for you to fully shine your light, you must come to know that there is no "we" and "they". You are all one. You are all equal in the eyes of God.

If the whole world followed you, would you be pleased with where you took it? I hope so. I am rooting for you – like Harry Caray in the seventh-inning stretch.

Take me out to the ballgame!
